Dear Don,

PSSI Stadium LLC would like to thank you for a truly uplifting and motivating presentation you provided to our 2010 Heinz Field Team Members. With the vast range of ages and unique learning skills that encompass our Team Members, your messages truly hit home with our entire crew.

You held their attention and were able to motivate them not only in their event day positions at the stadium, but in everyday life. Their emotions and positive comments expressed how much of an impression you made. Your personality and interaction with our team members was phenomenal. You were humorous, down to earth, and inspirational!

We enjoyed getting to know you and a little bit about your family. We think our Heinz Field family has truly learned the meaning of Greatness and how to reflect on the positive aspects in all we do!

Sincerely,
