

October 8, 2007

Mr. Don Yaeger
413 N. Meridian Street
Tallahassee, FL 32301

Dear Mr. Yaeger:

Thank you for serving as the speaker for the September 2007 Tallahassee Community College Distinguished Career Lecture Series. Your presentation on September 20th was quite memorable and it had a positive impact on those in attendance. I think many of the students, faculty and staff there benefited from your experiences and the information you shared.

I must admit that I wrote down several key points from your speech including the characteristics of great athletes which have universal application. The stories you shared were both heartwarming and inspirational. I left Turner Auditorium with a renewed spirit and sense of commitment to live each day to its fullest.

Again, thank you for helping Career Services “Manage Careers with Excellence” as we connect students with distinguished professionals like you.

Sincerely,

Jamina Scippio-McFadden
Director of Career Services
