Don's favorite quotes from this episode:

- What you recognize in people is what they will strive to become.
- People don't just want a product, they want to be part of a mission.
- Mentorship can come from someone you never meet if you're willing to learn from their journey.

Reflection Questions:

Write about a time when sharing a personal struggle strengthened a professional relationship. How could vulnerability in your leadership style create deeper trust within your team?

How could you simplify your messaging to make your mission more relatable?
